WATER EXERCISE CLASSES Beginner Water Exercise Programs:

Aqua S.P.A. (Special Population Aerobics) [®] Tu 12:30p An aquatic exercise program designed specifically for people with arthritis, osteoporosis, and related health concerns. This program uses gentle activities to help increase joint flexibility and range of motion, to maintain muscle strength, and to increase stamina.

Prepare, Sustain, and Recover[®] F 12:30p

This class includes gentle movements and exercises that will improve mobility, strength, breathing, and relaxation. Appropriate for those looking to prepare for surgery, just returning to physical activity, wanting to reduce pain, and/or improve overall day to day life.

Aqua Mix-up[®] M 12:30p

This class is specifically designed to work your entire body, in both the shallow and deep water, regardless of your physical ability level. Instructor will provide a ramped up workout for those looking for high energy aerobics and make appropriate modifications for those who want a more moderate workout.

Intermediate Water Exercise Programs:

H2O Fitness W 7:30p

A high energy cardio class that uses exercises specifically tailored to work different body parts with equipment incorporated to increase intensity and resistance. This class finishes with a powerful ab routine that will keep your heart rate pumping.

Total Body Toning Tu 1:30p ®, Fri 9a

Focus, engage, and tone every muscle in your body through the use of water resistance in both the shallow and deep water. This class promises to have your heart rate moving with a combination of fast paced cardio and core strengthening exercises.

Aqua Zumba T 8:30a

Those looking to make a splash by adding a low-impact, highenergy aquatic exercise to their fitness routine. Aqua Zumba[®] blends the Zumba[®] philosophy with water resistance, for one pool party you shouldn't miss!

Advanced Water Exercise Programs:

Aqua Boot Camp W 9:30a

Step up your routine with this athletic style workout, where participants work at high levels of intensity. General movements such as high knee and hamstring jogging, kicks, jumping jacks, cross-country skiing, and squats are used at various tempos and intervals of resistance.

Let the Music Move You Th 9:30a

An invigorating workout were aqua meets dance. We will make you sweat while having fun at the same time! It combines a variety of workout styles including deep and shallow cardio exercises, equipment and fun DANCE moves used for muscle toning!

Aqua Intervals M 9:30a, Th 7:30p

Warm up, stretch, and get your body moving as you quickly progress into intervals of cardio and strength training exercises in the shallow water. Then make your way to the deep water where your workout continues and gets your body energized for the day.
